REFORM MUST HAVE BACKING

MORAL INFLUENCES NECESSARY, SAID DR. CRAFTS.

IS HEARD IN LECTURE

Settling Temperance Question Does Not Settle Other Questions, He Said—Rapped Sunday Baseball Bill and Asked Vote Condemning It.

"We must have moral influences behind reform. Temptations of all kinds except the saloon could be removed in a week and the saloon in the course of a year, if the churches wanted to and got at it." Thus spoke Rev. Dr. Wilbur F. Crafts, superintendent of the International Reform Bureau, with headquarters at Washington, D. C. Friday evening, before a meeting of the Civic league and its friends, in the Christian church.

Dr. Crafts has been interested in the reform movement in this country for the past 22 years and is now lecturing in Ohio, his one effort being to try to reform Ohio mayors. His subject for the evening was, "A World Wide War on the Four Big Evils." He named these evils as intemperance, impurity, Sabbath breaking and gambling, and he declared that the four methods that should be used in fighting these evils are by legislation, by letters, by lectures and by literature.

"Settling the temperance question does not settle other questions," he said. "I think it is the biggest question, though, and it will have its influence in reducing the others." The speaker took occasion to rap improper shows, saying that the corrupt shows were never so vile since the days of Rome. Boys and girls under the age of 18 are injured by them, he said, while saloons are most perilous to boys over 21 years of age. "By legislation you should make it harder for men to do wrong and easier for them to do right. Make men moral by law. Employ the power of letters by writing your opinions to your representatives and senators, your governor and mayor."

Sunday baseball was also given a hard jolt by Dr. Crafts, who said that the Anderson bill would provide for submitting the ten commandments to local option. Sunday baseball is a great howl for the workingman but it is merely to make wages for ball players who would have to work seven days out of the week, rather than for pleasure. He called for a vote authorizing that a telegram be sent urging the defeat of the Anderson bill, and the audience voted for such a move without a dissenting voice.

At his request; the audience also voted to urge the passage of the Ditmar anti-cigaret bill and the Burkett bill to prohibit interstate telegraphing of race gambling bets. The speaker referred to the Black bill, providing for the removal of mayors who refuse to do their duty in enforcing the law, and said that he assumed Salem has the best mayor in Ohio, because he hadn't had a chance to talk to the citizens. This remark brought down the house.

Dr. Crafts spoke of the one big evil of China and other foreign countries as the opium evil and stated that President Taft proposes to prohibit the sale of opium after a certain period.

A GOOD HOME FOUND FOR YOUNG GALLOWAY

Lisbon, April 9.—Paul Galloway, of East Liverpool, who has been at the detention home here since he headed the escape made from the Fairmount Children's home by himself and three companions the first of the week, has found a place where he will be cared for in a private family near Newell, W. Va.

Young Galloway is 15 years of age and seems bright and intelligent. While at the detention home, he made a favorable impression by his conduct and attention to his duties. His only desire seemed to be to escape a return to the Fairmount institution, of which he had been an inmate for the past seven years. The family, which desire to adopt him, are friends of his father. The transfer will probably take place within a short time.

Breckenridge Assistant at Fairmount.

Harold Breckenridge, of Columbiana, has secured a position of assistant bookkeeper at the Fairmount Children's home. Mr. Breckenridge has many friends in Salem, where he was a student at the S. B. C.

BOTANICAL HALL AT THE OHIO STATE UNIVERSITY.

This building furnishes rather cramped quarters for laboratories, lecture rooms, and the museum of the department of botany. Connected with this building is a large greenhouse and propagating house. This department hopes in the near future to be provided with much more satisfactory accommodations. When this is done the priceless Guatemalan collection secured by the late Prof. Kellerman may be adequately protected and used.

Will Examine Plans For a New Hospital

At a meeting of the physicians' committee to be held Saturday evening, E. M. Bartberger, of Bartberger & Son, architects, of Pittsburg, will present drawings for a hospital of 25 beds.

The committee is investigating the cost of a new structure built expressly for hospital purposes and have several possible sites in mind. The effort will be made to have the hospital centrally located, probably just off one of the main paved streets. In choosing a central location the hospital will be available for emergency cases.

Mr. Bartberger will spend Sunday with his friend, Dr. Alex Cruikshank, of Main street, and has consented to show a set of drawings to the committee.

A SERIES OF TEN ASCENSIONS DURING THE COMING SUMMER

Canton, April 9.—A series of 10 ascensions from the balloon park to stimulate enthusiasm in aeronautics during the coming summer was decided upon Friday evening at a meeting of the trustees of the Aero Club of Ohio at the Courtland.

At each ascension at least two members must participate. Each member will be charged $15 for his flight. The services of a pilot and the balance of the cost incident to a flight will be borne by the club. It was decided that the names of 20 members to make the flights should be drawn by lot from a list of applicants. The applications must be made by May 10, 1910.

The second annual banquet of the club will be held the latter part of April. A committee, with John Scott as chairman, was appointed to select the date and place and make the arrngements. At the banquet the annual election of officers will take place.

WILL REBUILD FRIENDS BOARDING SCHOOL

The Friends' Boarding school at Barnesville, recently destroyed by fire, will be rebuilt at an approximate cost of $45,000. George Blackburn, a member of the representative body, who have charge of rebuilding, returned Friday from Barnesville, where he helped formulate the plans for the new structure. The building will be two stories high and will probably be of brick.

The meeting for sufferings held two sessions Friday and appointed a comfittee of 12 to have charge of the reconstruction of the Friends' school. Of this committee, three members were appointed to solicit funds nd instructed to procure $45,000. Joseph C. Stratton and Joshua Brantingham, of Winona, are members of the committee of 12.

The school was reopened, Monday, after the fire, in two private houses, so no time was lost from the school year.

SECOND NIGHT OF MINISTRELS PLEASED

The high school boys greeted a well filled house Friday night when they gave the second and final performance of their home talent minstrel.

The last performance was given without a hitch or stage fright, the boys apparently feeling right at home on the stage. Each number received hearty encores and only the lowering of the curtain checked the enthusiastic applause. The boys were showered with beautiful floral tokens of appreciation after the rendition of their program, which they gracefully accepted.

The two performances will net a very handsome sum, it is understood, and this will be placed in the treasury of the athletic association.

Bicycle Riders---Beware

Bicycle riders must keep off the sidewalk and must ring their bell nd at night flash their lights before they run over pedestrians. That is the warning Mayor Carlile issued on Saturday and he accompanied this gentle hint to reform by giving the amount it will cost if you disregard the notice, namely, not less than $2 nor more than $10, and costs of prosecution. The city ordinance pertaining to bicycle riders has been somewhat of a dead letter in this city, but will hereafter be enforced.

Skipped Board Bill

A foreigner was arrested Saturday at the instance of a boarding house mistress residing on Wilson street, who claimed that her boarder had not paid her a cent for five or six months, and after getting drunk Friday stated that he had decided to hunt another boarding place. The woman was willing for him to leave if he would pay her the back board bill, which he refused to do. The case will probably be settled out of court.

A Musical Surprise.

Royal Emmons was agreeably surprised Friday evening by his musical boy friends, the occasion being his sixteenth birthday. The evening was pleasantly spent, with music on the cornet, violin, flute and piano. A fine lunch was served.

CONGRESSIONAL CAMPAIGN TO BE OPENED THIS EVENING

Wshington, D. C., April 9.—(Special.)—President Taft will tonight open the Republican congressional campaign when he will speak at the dinner of the League of Republican clubs of the District of Columbia, on "The Significance of Republicanism." Unless all expectation is wrong the President will give his views of just what constitutes a Republican. The insurgents will be conspicuous by their absence.

IF "ALCOHOLLESS" NOT SUBJECT TO TAX

Columbus, April 9.—Malt beverages which do not contain alcohol and unfermented grape juice are not subject to the Aikin tax, so the attorney general holds in an opinion to the state dairy and food commissioner. It is clear under the opinion that it is just as unlawful to sell near beer in dry territory as it is to sell real beer because near beer contains alcohol and so is subject to the liquor tax.

"CLEAN-UP WEEK" IN COMMON PLEAS COURT

Lisbon, April 9.—Next week will be a busy week in common pleas court, it being the first week of the April term. In the assignment placed in the hands of the printers today, 56 cases have been listed to trial during the five days of court. Six of these cases are divorce action, the rest being civil suits, which will be tried before the judge.

America's Richest Woman Said to Be In Very Feeble Condition.

LITTLE GIRLS PROVED TO BE VERY RESOURCEFUL

That "necessity is the mother of invention" has been often demonstrated, but it remained for a little Salem miss and two friends of similar age to present additional proof this week. The Salem girl was visiting a relative in Canton, a girl of her own age and together they went to the home of a little friend to play. Desiring to leave the friend's home, but being anxious to inform the friend's mother where they had gone, they decided to wriat a note and pin it on the door. But at this point a difficulty arose. None of the three possessed a pencil, not being quite so well provided with such articles as a boy likely would have been. But, nothing daunted, they set their wits to work and soon had it "all figured out." One little miss possessed a piece of carbon paper and another the key of a pair of roller skates. The third found a paper sack. The carbon sheet was placed carbon side down on the paper sack and the note was carefully written on the sack by pressing on the carbon sheet with the skate key.

PENNSY EMPLOYES ORGANIZE BALL TEAM

The Pennsylvania employes in this city hve organized a ball team and are getting in shape to become members of the shop league.

Indications are very bright now that when the season arrives Salem will have a good representation of players to take care of this, the best of outdoor sports.

FIFTH K. OF P. TROLLEY CONVENTION APRIL 20

Lisbon, April 9.—The fifth trolley convention of the Knights of Pythias will be held in Lisbon on Wednesday, April 20, at 7 o'clock in the evening. Reports have been received from the lodges at Salem, Washingtonville, Leetonia, Columbiana, Wellsville and East Liverpool which state that large delegations from each city will be present as guests of the Lisbon lodge. The convention in all probability will be held in the Smiley opera house and the exemplification of the second degree will be a feature of the evening's work. At the close of the formalities addresses will be given by representatives from each of the visiting lodges after which a banquet will be served by the Lisbon lodge.

"DOUDY" BYERS, HE OF ELEPHANT STEALING FAME, BOUND FOR SALEM

Lisbon, April 9.—"Doudy" Byers, a local character, who was picked up by the police while acting as host at a "keg" party a few days ago and who had been sentenced to pay a fine of $50 and costs with the choice of the workhouse or labor on the streets and who chose the latter, disappeared from the street gang this morning and when last noticed was on his way toward Salem, where he will endeavor to escape from the tyranny of labor. Byers's sole claim to fame is the fact that he once stole an elephant from the John O'Brien shows while they were exhibiting in the classic precincts of Lisbon and confined the animal in his father's barn. The police are not making any extended effort to capture Myers, preferring to allow him remain away from the village for an indefinite period.

SAID HE WAS UNABLE TO SUPPORT CHILD

Jasper Chamberlain, who was arrested by Chief Cook in this city, charged by his wife with the non support of their minor child, was given a preliminary hearing before Mayor Speidel, of Alliance, Friday. He was bound over to the grand jury, bond being fixed at $500.

Chamberlain set up the claim that he was unable to support the child since its alleged abandonment, March 14. The family lived in Salem until Chamberlain left his wife and went to Detroit, Mich. Upon his return he was arrested and taken to Alliance.

CAN ECONOMIZE ON THE MINISTERS

Bluffton, Ind., April 9.—The northern Indiana conference of the Methodist church has decided that, owing to the high cost of living, families that entertain ministers shall not be asked to furnish more than one night's lodging and one meal.

The motion was heartily adopted by the conference. Under this motion the ministers will have to pay for entertainment with the exception of one night and breakfast the next morning.

EPOCH MARKING LEGISLATURE

MOST IMPORTANT IN YEARS, SAYS REPRESENTATIVE.

SEEKING RE-ELECTION

Representative George E. Davidson, of Columbiana County, Expects to be Renominated Without Opposition —Big Ball Game to End Session.

East Liverpool, Apr. 9.—Representative George E. Davidson, Columbiana county's delegrate to the State Assembly, has returned from Columbus for a few days before returning for the wind-up of the present session. Incidently, Representative Davidson is also looking after his political fences and making certain that no impediment shall be in his way for another term, to which he is entitled by the party rule.

Announcement of his intention to ask for a second term at the hands of his fellow voters was made yesterday afternoon by the representative who immediately started the necesary petitions in circulation. Representative Davidson has made an excellent record during his first term and has steadfactly clung to the principles which he announced as his platform previous to the election. It is understood that he will have no opposition for re-election.

In speaking of the present term of the state legislature now drawing to a close the local representative states that in many respects it has been the most important in recent years. The Tax legislature, Public Utilities bill and Smith's one per cent tax limit constitute law making epoch marking in the state history.

A feature of the closing hours next week will be a ball game between the House and Senate. Representative Davidson will take part, probably pitching a portion of the game. The game will be the big finale to the session and will be celebrated in an extraordinary manner by the solons. It is more than likely that Governor Harmon will umpire the game.

W. U. MAY INSTALL ANOTHER OPERATOR

W. C. Higginbottom, of Pittsburg, division operator of the Western Union, was in Salem this week on business with E. J. Maguire relative to returning the second operator at the local Pennsylvania station.

The operating force was reduced here during the panic on account of lack of business but the business has grown to such an extent that with a little more patronage on the part of Salem people the company will again employ two operators here.

Two operators will mean much better service as the office would then be kept open continuously during the day, and as the BO tower takes care of the business at night an opportunity would then be afforded to send messages at any time.

Under a new arrangement a message may be telephoned to the office, thus saving the time of sending for a messenger boy, and on account of this arangement the location of the office is not so much of a disadvantage.

A committee of the Business association has received sufficient assurance to warrant the placing of another operator and in all probability the second man will be placed here in the near future.

TWO ELECTIONS FOR TWO POSITIONS NECESSARY

Columbus, April 9.—One man may be a candidate for county central committeeman and for delegate to the county convention, but to do so his name must be written on the primary ticket for both places, so the attorney general holds. He was asked whether or not both positions could be combined so tht the one man could be selected for both by just writing his name once. This cannot be done. In many counties the central committeemen held the county convention and there are no delegates chosen for the convention. Under the primary election law delegates must be chosen for the convention and if the central committeemen wish to continue to hold the conventions they will have themselves chosen delegates.

Mr. and Mrs. Finley Hutton, of Ellsworth avenue, have returned home after a 10 weeks' visit with friends and relatives in the East.

"PLAY YOUR OWN GAME.'

Men sometimes talk for an hour and say nothing. Again there are instances when a speaker may crowd into the brief period of one minute a message that will live and go ringing forth far beyond the limitations of his own voice. Lincoln's Gettysburg speech was an example of this latter power. Another example of saying much in a few words—words that burn themselves into the brain—is found in a recent address by the Rev. S. Parkes Cadman, of Brooklyn:

"There is no surer sign of decadence of our democracy than this constant cry for a strong man somewhere. Be a strong man where you are. It is not in the White House that the strong man is needed who has backbone instead of wishbone. All this cry that the state be saved, the nation be conserved, the government be made secure by some imperial figure is certain evidence of decay. Get up, for God's sake, and play your own game!"

That is an appeal to citizenship that ought to arouse. It is a body blow at the feeble and shrinking who are ever waiting for somebody else to go out and fight their battles for them.

Ohio is today presenting a fair specimen of the "constant cry for a strong man," which Dr. Cadman attacks. It is found in the demand that the Black bill empowering governors to remove mayors who do not do their duty—a meritorious bill, perhaps, and well enough in its way, but just the kind to relieve you, Mr. Voter and Citizen of a little more responsibility. You want it all put up to some "strong man" in the governor's chair. But don't you understand that if you and your neighbor and your neighbor's neighbor were really "playing your own game" there'd be no need for that new law or a strong man at Columbus to compel enforcement of your own city laws?

It has always been easy to polish up the coat of a white elephant" and send him forth in a blaze of splendor—especially when said pachyderm is new. That seems to have been the self-assumed task of the local mouth organ of the late lamented waterworks council. Seriously, the detailed report of the first six months of the waterworks department under municipal ownership is a most creditable one for Service Director McNeelan and Waterworks Superintendent Russell. It shows beyond dispute that those two gentlemen have done their work well and have managed the department with great economy. If we could feel assured that the plant would always be managed in like manner under municipal ownership, we would have more confidence in that system of ownership. But, of course, their tenure of service depends wholly upon the uncertainties of political campaigns. And let it not be forgotten that although there is now an apparently neat surplus over and above the cost of operation, Salem did not purchase a new waterworks plant or one guaranteed to last forever. It has already given long service and cannot reasonably be expected to last always. If nothing is set aside for depreciation and rebuilding, if everything over and above the bare expenses of operation and the interest on the $138,000 bonds is turned into the sinking fund to pay off the debt, Salem will awake some day to find that she has paid for a water plant—and has no plant. And in the meantime the people who voted for municipal ownership will not get that for which they fondly hoped—lower rates. Don't forget, Mr. Municipal Ownership Enthusiast, in your rejoicing over the "net earnings" that you held out to the people the bait of lower rates, and that it is, in fact, the higher rates which are now making possible this hilarity.

Nothing, if not fascinating, unnatural if not startling, Col. Henry Watterson, editor of the Louisville Courier Journal penned last night the most brilliant and altogether surprising editorial of his long editorial career. In brief, he pictures the unparalleled honor which is being showered upon Theodore Roosevelt in Europe as most significant, points to him as the strongest personality of the age, questions the success of our republican form of government and concludes that the United States stands ready to throw over the republic for a wise and benevolent despotism under the guiding hand of Theodore Roosevelt, who "comes directly from a family of kings and is a lineal descendent of Caesar and Cromwell." Although Colonel Watterson asks his contemporaries to seriously consider and discuss his utterances "without passions or levity" we must for the moment decline. Surely, he will grant time to recover! Meanwhile, may we be permitted to ask if this is the open season for mint juleps?

There was a little planting incident in Columbus Friday which met with popular favor. The street railway company and the striking carmen planted the hatchet and that made Arbor day seem very satisfactory to the people who have to ride.

"I suffered with kidney and bladder trouble, but two months' treatment with Peruna made me a well and strong man.

"My wife felt weak and was easily tired and was also troubled with various pains, but since she took Peruna she is well and strong.

"We are both very grateful to you and gladly do we give this unsolicited testimonial, feeling that it is the least we can do in return for what Peruna has done for us."

"I can truly say that Peruna is the best medicine I ever saw. I will always recommend Peruna to all my friends, for catarrh."

Catarrh of Head.

Mr. C. Hallock, Antwerp, Ohio, writes: "My daughter Allie, after taking three bottles of your Peruna, is entirely cured of catarrh of the head of two years' standing. We recommend Peruna to anybody who has catarrh."

NOT PARTICULAR ABOUT POLITICS

Phone Interests Wanted Man Who Could Produce Goods

SO BRIBE HEARING DEVELOPS

Democrats and Republicans Alike Implicated as Testimony by Legislators Shows—Lobby Records of Big Politicians Will Be Looked Over Before Committee Resumes Sessions on Monday.

Columbus, O., April 9.—According to testimony introduced at the sessions of the house committee investigating charges that money was unlawfully used to boost the Elson telephone merger bill through the lower branch of the general assembly, Ohio telephone interests played no favorites when it came to selecting their lobbyists; to be more explicit, they paid little attention to the politics of the man, but signed whoever they deemed capable of landing the votes.

Judge Winters of Erie county first implicated Louie Bernard, the Democratic leader of Cincinnati; next, Howard Pears of Lima pointed the finger of suspicion at Simon Cronin of Akron, said to be a lieutenant of Harvey Garber, telephone magnate and Democratic national committeeman from Ohio. Then came Representative Beaschler of Noble county, who testified that thirty minutes before the Elson bill came up for passage in the house W. H. Phipps, secretary of the Republican state executive committee and state oil inspector, called him over the telephone and urged him to vote in the bill's favor.

Following Beaschler Representative J. J. Connaughton of Auglaiz county testified that Samuel A. Hoskins, former Democratic candidate for secretary of state, buttonholed him in the state house corrider and asked him to vote for the bill.

The testimony of a number of representatives was to the effect that most of the letters and telegrams they received urging the passage of the Elson bill were from Bell telephone interests and from independent interests that wanted to sell out to the Bell in the event the Elson bill became a law.

Between now and Monday night, when the next hearing of the committee is scheduled, the lobby record of a number of big state politicians are to be looked into with a view of introducing evidence later on showing the exact nature of the connection with the telephone interests.

NO BREAK IN CABINET

Neither Knox Nor MacVeagh Intend to Resign.

Washington, April 9.—It is denied on the highest authority at the White House that Secretary Knox is contemplating resigning from the Taft cabinet. To this denial was added a statement by Secretary Knox himself. He declared that he had no idea of resigning from the Taft cabinet.

Secretary of the Treasury MacVeagh, who also has been mentioned as about to retire from the cabinet, said: "I have no intention of resigning from President Taft's cabinet. I do not know the source of the rumors that are being circulated through the press, but they are entirely without foundation."

What Every Womanly Woman Wants

One of the fondest desires of millions of women is to have beautiful hair.

This desire can be gratified without the slightest risk, for druggists everywhere, and Bolger & French sell a hair tonic called Parisian Sage, that will turn dull, lifeless, unattractive hair in two weeks, or money back.

Put the name on your shopping list right now, and be sure and get the genuine. Every package has the girl with the Auburn hair upon it.

Since its introduction in America, arisian Sage has won unstintea praise from women of refinement who have learned what delightful and refreshing hair tonic and dressing Parisian Sage is.

Just because the makers are absolutely certain that Parisian Sage is the only preparation that kills the pernicious dandruff microbes, they are willing to guarantee it to banish dandruff, stop falling hair and itching scalp, or money back.

A large bottle of Parisian Sage costs but 50 cents, at druggists everywhere, and at Bolger & French's. Mail orders filled, charges prepaid, by Giroux Mfg. Co., Buffalo, N. Y.

Mrs. F. J. Moreau, 9 Oak St., Concord, N. H., wrote Nov. 1, 1909: "Parisian Sage has done wonders in my case as a dandruff cure, for my scalp was in a bad condition.

Hair doesn't fall out as bad, the new is making its appearance fast. Am still continuing its use."

AMUSEMENT NOTES

Jack Lost His Rat.

Although Jack Warburton, the leading comedian with Hyde's Theater Party, that unique comedy organization which opens a week's engagement at the Grand next Monday evening, is about as homely a little cuss as ever wore a face, it is an actual fact that he traveled for 15 weeks in woman's garb, playing the trap drums in a female orchestra. Everything worked smoothly until the stage hands in a Norwich theater placed a kid in the flies with a fishhook and line. Right in the midst of a big number, when Jack was putting a double flourish on the drums, the line descended and off came Jack's wig, leaving his close-cropped head and unmistakable Irish physiognomy in full view of the audience. It not only broke up the concert but stopped Jack's only tour in skirts. 84h

JUST A WORD ABOUT THE SOAPS

To begin with, we quickly recognized the great future in store for these wonderful soaps, were quickly convinced of their great superiorty over the other soaps sold at fancy prices, and when offered the sole agency for this territory, with an introductory price on the soaps for the next 30 days, we were keen to accept the proposition, and bought a large quanity. More than 9,000,000 families throughout the United States are today using these delightful soaps, paying 25 cents per cake for all they use, but owing to our lending our name to their introduction, and standing back of them with our personal guarantee, in addition to buying such a large quanity at one purchase, we obtained them at a price which enables us to sell them at 5 cents per cake. The manufacturers of these soaps, stand the loss, not us. We are willing that you should participate in this stroke of good luck. Don't fail to take advantage of it. We count it among our many triumphs to have won the right to introduce Toilet Soaps that will be, within 30 days, the best known and largest selling soap known to the trade. It is a marvelous triumph within itself. Here are soaps that we shall sell (as an introductory price) at 5 cents per cake, which we tell you honestly and earnestly are better and finer soaps than are usually sold for 25 cents. No animal fat is used at all, and there is no free caustic present. They can be used on an hour-old baby with perfect safety. They are cleanest, smoothest, purest, softest and most soothing soaps you have ever used.

"WHAT'S THE USE," SIGHS THE COLONEL

No Privacy For Roosevelts on Their Italian Jaunt

Genoa, April 9.—With the Roosevelts sighing, "What's the use of trying to honeymoon when the unromatic Italian reporters were tipped off on our complete itinerary," the disappointed couple arrived here after a two days' trip, which was not spent in privacy. They discovered their dilemma when they awoke at Spezia to find three caparisoned horses hitched to the hotel carriage, in which the colonel and his wife were to traverse the same mountain road over which they passed twenty-five years ago to a pass, where two beflagged and beribboned wagons were waiting for them.

The Roosevelts, upon entering one of the wagons, were amazed by the fury displayed by the driver of the other until they learned that the gay chariots were not honorariums, but belonged to rival hotels, the managers of which were eager to kidnap them.

The couple were escorted to a delightful run, the grounds of which are laved by the Mediterranean. They anticipated obtaining some repose, but the mayor and the village notables insisted upon paying their respects. Their departure was followed by the arrival of a rustic, strong lunged band, which strove to show extraordinary honors to the visitors by playing lullabys until midnight.

The couple drove over bits of the Riviera to Rapolla, where they intended to remain last night, but more delegations and bands prompted them to escape to Genoa, where the mayor and the American consul called on them.

Good results always follow the use of Foley's Kidney Pills. They give prompt relief in all cases of kidney and bladder disorders, are healing, strengthening and antiseptic. Try them. Bolger & French.

DUN'S REVIEW OF TRADE

Sharp Contrasts Displayed in Business Situation.

New York, April 9.—Dun's Review of Trade says today:

"The business situation continues to display sharp contrasts. Dullness in the financial markets contrasts with an active industrial output. All unsatisfactory foreign trade contrasts with large domestic exchanges as reflected in the heavy bank clearings and railroad earnings.

"Weakness in pig iron contrasts with a big production in finished steel. A moderate trade movement in the east contrasts with a record volume of business in certain parts of the west. The week's reports are therefore very irregular and make it difficult to sum up the situation in any one phrase sufficiently broad to define adequately the state of trade in the nation as a whole. Political conditions at home and abroad are still held responsible for the reaction in financial markets. But the country continues to carry on an immense volume of business and the further one gets from the financial center the more cheerful the outlook seems."

Better Than Spanking.

Spanking does not cure children of bed-wetting. There is a constitutional cause for this trouble. Mrs. M. Summers, Box W, Notre Dame, Ind., will send free to any mother her successful home treatment, with full instructions. Send no money, but write her today if your children trouble you in this way. Don't blame the child, the chances are it can't help it. This treatment also cures adults and aged people troubled with urine difficulties by day or night.

PATRIOTIC TO THE LAST

J. B. Baker Hangs Himself With His Country's Flag.

El Reno, Okla., April 8.—Using his country's flag in place of a rope, J. B. Baker, twenty years old, hanged himself to the rafters of the McCabe school house, twenty miles northwest of here.

His lifeless body was found dangling at the end of a large American flag, which had been a decoration in the school. No reason for the suicide is given.

The Sound Sleep of Good Health.

The restorative power of sound sleep can not be over estimated and any ailment that prevents it is a menace to health. J. L. Southers, Eau Claire, Wis., says: "For a long time I have been unable to sleep soundly nights, because of pains across my back and soreness of my kidneys. My appetite was very poor and my general condition was much run down. I have been taking Foley's Kidney Pills but a short time and now sleep as sound as a rock. I eat and enjoy my meals, and my general condition is greatly improved. I can honestly recommend Foley's Kidney Pills as I know they have cured me." Bolger & Fench.

As high as 95 cents was paid for muskrat pelts in Chardon last week. Hunters were out in force looking for the little animals around nearby lakes and along streams, wherever traces of their whereabouts could be found. Hundreds of traps are set around Bass lake and Aquila lake.

Strength comes from well digested and thoroughly assimilated food. Hood's Sarsaparilla tones the digestive organs, and thus builds up the strength. If you are getting "run down," begin taking Hood's at once. It gives nerve, mental and digestive strength.

MAX LESLIE INDICTED BY PITTSBURG JURY

County Official Implicated in Graft Scandal

Pittsburg, April 9.—Reciting in detail councilmanic bribery transactions relating to the selection of the six city depositories, the grand jury in its latest presentment charges that certain officials and councilmen are withholding evidence and scores them without mercy. It also directs District Attorney William A. Blakeley to proceed against the depositories to collect 6 per cent interest for the city on the deposits from the time they were given to the banks until such time as they are withdrawn, and the city is advised to withdraw the money at once.

The presentment also charges Max G. Leslie, county delinquent tax collector, with paying $17,500 to William Brand, former president of common council, to secure the selection of the Columbia National bank as one of the depositories.

No names other than that of Leslie are made public as being in the bribery plot, and in his case it is stated that the money was received from the Columbia National bank on June 3, 1908. Leslie was acquitted some few weeks ago on a charge of perjury in connection with this case by proving an alibi. In the former indictment it was charged that this money was paid on June 6, and it was on this date that his alibi proved that he was in New York.

The only new transaction brought to light is one in connection with the vacation of Home street. The jury charges that Charles Stewart was paid the sum of $10,000 by Samuel Heppenstall. It also states that an additional $1,500 was given to Stewart by Charles Heppenstall for the same purpose. This was reported only as a matter of public information, as the statute of limitations outlaws the case.

THOMAS F. WALSH DIES

Heart Trouble Following Attack of Pneumonia Takes Off Millionaire.

Washington, April 9.—Thomas F. Walsh, the Colorado mineowner, died at his home here last night. Mr. Walsh had been ill for more than six months with heart trouble that followed an attack of pneumonia. Mrs. Walsh, her daughter, Mrs. Edward McLean, and Edward McLean were at his bedside when the end came.

Mr. Walsh was taken ill in the latter part of January and when he had partially recovered from his attack of pneumonia started for Palm Beach. Complications developed there and he was taken to San Antonio, Tex. When it was found that Mr. Wash was not improving in Texas he was brought back to his beautiful home in this city.

Mr. Walsh's wealth has been variously estimated at from $10,000,000 to $40,000,000.

LITTLE ELMER WAS JOKING

Invented Kidnaping Story All Himself, Did Dunmore (Pa.) Lad.

Wilkes-Barre, Pa., April 9.—Little Elmer Cole of Dunmore, whose parents received a postal card stating that if they wished to see him alive again they should send $1,000 to Herman Schutosie in this city, is back at his home.

What his mother and father are doing to him they are not saying, for he invented the story of the kidnaping, and wrote the postal card which made it appear that he had been carried off and was being held for ransom.

Rheumatic Folks

Are You Sure Your Kidneys are Well?

Many rheumatic attacks are due to uric acid in the blood. But the duty of the kidneys is to remove all uric acid from the blood. Its presence there shows the kidneys are inactive.

Don't dally with "uric acid solvents." You might go till doomsday with them, but until you cure the kidneys you will never get well. Doan's Kidney Pills not only remove uric acid, but cure the kidneys and then all danger from uric acid is ended. Here is Salem testimony to prove it.

O. T. Harsh, Salem, Ohio, says: "I was subject to attacks of rheumatism for several years and I often had a sudden twinge in my back. Doan's Kidney Pills, which I procured from Bolger & French's drug store, proved very effective in giving relief. I have no hesitation whatever in recommending this medicine."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Editor Harden Says Roosevelt Is Bluffing Way Through Europe.

Berlin, April 9.—Under the title of "Theodore the Great," Maximilian Harden, in the Zukunfet, makes an onslaught on Colonel Roosevelt, who he says, has made more noise than the whole twenty-five presidents of the United States who preceded him put together. Yet, according to Harden, he has never achieved anything except to plunge his country into a crisis, the consequence of which has not yet been recovered from.

Roosevelt, says Harden, is making a tour of bluff through Europe.

Surprising Facts About the Patent Medicine Business.

The Fourth Estate has been warning publishers about the risk in allowing credit to new medicine concerns. It is said that there have been only one or two of the thousands of new proprietary medicine houses have made any considerable money that have started the past 20 years and only a very few more that have met with even moderate success. It is the general impression that the business is immensely profitable while the facts are that there is a larger percentage of failures than in any other line. The new concerns usually start with lots of confidence in the merit of their goods and advertising but soon exhaust their capital leaving dealers who have stocked their medicines with unsalable goods on their shelves. It is the experience of many publishers that have accepted this new business that they have been compelled to charge off their bills to profit and loss.

There are many old and reliable medicine houses that continue to do a good or increasing business from year to year but the new ones are finding it more and more difficult to become established.

Commission's Tentative Plans Presented to Governor

ELEVEN DAYS OF BIG DOINGS

June 18-29, 1912, Time Selected For Ohioans to Gather at Columbus and Aid in Celebrating 100th Anniversary of Founding Permanent Capital There—President Taft, Cabinet Members, Governors of Several States and Other Prominent Men Coming.

Columbus, O., April 9.—John A. Poland of Chillicothe, member of the Ohio-Columbus centennial commission, has filed with Governor Harmon the tentative program for the celebration of the one hundredth anniversary of the founding of the permanent capital at Columbus in 1912.

Although Feb. 14, 1912, is the real anniversary of the selection of Columbus as the capital, the commission has selected June 18 as the date of the opening, to last eleven days, closing Saturday, June 29.

In the opinion of the committee the opening day should be devoted to addresses by distinguished Ohioans and the dedication or unveiling of a prominent memorial.

On governor's day, it is expected that the executives of Ohio, Indiana, Illinois, Michigan, Minnesota and Wisconsin, all of which were part of the original northwest territory, with their staffs, will be guests of the state of Ohio.

President Taft Will Be Guest.

Federal day will be given over to a dignified military and historical parade and a grand assembly ball, in which the guests will be attired in costumes of 1812. President Taft, members of his cabinet, congressmen, past and present, will be the guests of honor.

Industrial day will be representative of Ohio's manufacturing and labor interests. The aviation display will be in charge of the Wright brothers.

Other days will be designated as Ohio state officials' day, veterans' day, educational children's day, fraternal day, athlete day and choral day.

For an outdoor spectacle it is suggested that at the Columbus driving park a story of the whole era of Ohio could be graphically enacted.

As Columbus is the largest city in the world bearing the name of the discoverer of America, it is suggested that Spain be asked to send over living descendants of the great explorer to be the guests of the nation. Some of the descendants of Ohio's presidents, generals, statesmen, jurists and governors is suggested.

ATTEMPT TO HOLD UP TRAIN

Bandits Succeeded in Getting Only Gold Watch and Diamond Ring.

St. Paul, April 9.—Two armed and masked men attempted to hold up the Chicago, Milwaukee and St. Paul's banner train, the Pioneer limited, while it was speeding across Wisconsin, en route from Chicago to St. Paul.

They took a gold watch and a $450 diamond ring from the conductor, C. M. Schumaky, who engaged them in battle in a Pullman vestibule. The robbers are believed to have been holdovers of the recent switchmen's strike, many of whom, left unemployed, have committed crimes in the northwest recently.

Two Suspects Arrested.

La Crosse, Wis., April 9.—Two negroes were arrested at North La Crosse on suspicion of being implicated in the train holdup. They are being held for identification. The men were heavily armed. They refused to give their names, but said they were from Chicago.

DURANT A LUCKY PRINTER

"Grubstaked" Gold Hunters, and He Will Stick Type No More.

Chicago, April 9.—Harry Durant, a printer of St. Charles, Kane county, who two years ago "grubstaked" a party of four gold hunters, headed by his brother, F. W. Durant, of the same place, has learned that as a result of his investment he is worth $300,000.

A mine in the Blue mountains near Baker City, Ore., was discovered by the party he financed and some time ago it became apparent that the find was a rich one. It was not until recently, however, that its real value was disclosed. Government mining experts said that the property was worth $1,500,000.

U. of P. Students Hurt.

Harrisburg, Pa., April 9.—In a collision between a train bearing a special car with the members of the Mask and Wig club of the University of Pennsylvania and a light engine here seven students and a number of other persons were injured. The train was at a standstill when the engine crashed into it.

Melancholy Mary!

Springfield, O., April 9.—Miss Mary Leffel, aged twenty years, a telephone operator, is in a critical condition at the home of her sister, Mrs. Frank Pope, following the taking of poison with suicidal intent. A love affair was the cause of her act.

Exposure to Wet, dampness and cold, invariably results in a sudden chill, which if not attended to immediately will cause a cold. By mixing a teaspoonful of Perry Davis' Painkiller in half a glass of warm water or milk, the whole system will be heated and the danger of cold avoided. Avoid substitutes, there is but one Painkiller, Perry Davis'. Price 25c., 35c. and 50c.

One Conductor Who Was Cured.

Mr. Wilford Adams is his name, and he writes about it.—"Some time ago I was confined to my bed with chronic rheumatism. I used two bottles of Foley's Kidney Remedy with good effect, and the third bottle put me on my feet and I resumed work as conductor on the Lexington, Ky., Street Railway. It gave me more relief than any medicine I had ever used, and it will do all you claim in cases of rheumatism." Foley's Kidney Remedy cures rheumatism by eliminating the uric acid from the blood. RAILROAD MEN VOTE FOR STRIKE

Roads Out of Cleveland Threatened With Trouble

INSIST ON ORIGINAL DEMANDS

Trainmen and Conductors on Lake Shore and Michigan, Lake Erie and Western and Nickel Plate Roads Are Unanimous For Walk-Out. Leaders Confer With Officials Today.

Cleveland, April 9.—Trainmen and conductors employed on the Lake Shore and Michigan Southern, the Lake Erie and Western and the Nickel Plate railways have voted almost unanimously to strike unless their original proposition for a wage increase is accepted by those roads.

The vote was canvassed by the officials of the employes' unions. The committees will again call on General Manager Moon next Monday to obtain his final answer on behalf of the Lake Shore and Lake Erie.

General Manager A. W. Johnston of the Nickel Plate will receive a committee of the employes today.

WAGE INCREASES GENERAL

Hundreds of Men in Ohio Will Benefit by Railroads' Action.

Canton, O., April 9.—A general advance in the wages of the trainmen of the Northern Ohio Traction company of one cent per hour will be made, to go into effect May 1. This includes all trainmen employed on all lines of the company.

The company also announces the establishment of a permanent pension fund for its employes. Both steps are voluntary on the part of the company. One quarter of 1 per cent of the gross earnings is to be deposited in a special pension fund. The pension provisions are that an employe will be eligible to retirement on pension by the company at the age of sixty-five years, following twenty or more years of continuous service, the amount of the pensions to be 40 per cent of the wages.

Lake Shore Electric Road.

Sandusky, O., April 9.—The wages of motormen and conductors in the employ of the company three years or longer on interurban lines were advanced two cents per hour by the Lake Shore electric road. The trainmen in the employ of the company three years and more get an advance of one cent per hour.

Pittsburg and Lake Erie.

Pittsburg, April 9.—Following the granting of an increase in wages by other railroads, the Pittsburg and Lake Erie Railroad company has announced that the wages of all employes of that company will be increased to correspond with the increase granted by the system lines. This advance, about 6 per cent, will take effect at once. About 5,000 employes are affected.

Norfolk and Western.

Roanoke, Va., April 9.—The Norfolk and Western Railway company announces an increase of 6 per cent in wages for all employes who receive $155 or less monthly and who have not been given an advance since Oct. 1 last.

Central of Georgia.

Savannah, Ga., April 9.—It is announced by the Central of Georgia railway that its engineers will be given an increase in wages of 5 per cent.

"ORIGINAL SMITHY" DIES

Watching Tyler Work Gave Longfellow Inspiration For Poem.

Lynn, Mass., April 9.—Thaddeus W. Tyler, the original "village smithy," is dead. It was while watching him at work over his forge and anvil that Longfellow was inspired to write:

"Under the spreading chestnut tree
The village smithy stands."

Tyler died after an illness of but four days with pleuro-pneumonia. He was a blacksmith for but a few years. Not long after he had been immortalized by the poet he went into the shoe manufacturing business, which he continued to his death. He was seventy-six years old.

LIVED HAPPILY THIRTY YEARS

Now 68-Year-Old Wife Wants Divorce From Husband, Age 94.

Dallas, Tex., April 9.—H. B. Alverson of Fort Worth, ninety-four years old, has been sued for divorce by his wife, aged sixty-eight. The couple were married in 1880. They lived happily until six months ago.

The plaintiff charges cruelty. She asks for a division of the farm of 750 acres, worth $30,000, and $50 per month alimony pending a settlement of the suit for divorce.

Rises to the Occasion.

Kansas City, April 9.—Moad Lamarr, an eighteen-year-old boy of this city, has patented a safety hatpin. When the nation began to resent the danger created by long hatpins Lamarr began to think. His device is a safety catch that fits over the sharp end of any hatpin, an ornamental fixture that adds much to the hat's appearance. A jewelry manufacturer in New York has offered to back him.

WILLAMAN SPIRITED INTO CANTON JAIL

Large Crowd Gathers at Depot to Meet Confessed Slayer

Canton, O., April 9.—An excited crowd gathered at the Pennsylvania station last night to meet Cletus Willaman, confessed slayer of Warren E. Koons and Mrs. Koons, but it was evaded by the officers who brought Willaman back from Chicago.

The prisoner was spirited in an automobile from Massillon to this city and rushed into jail through a little used corridor of the courthouse.

Willaman declared that he would fight the charge of murder to the end provided his wife stood by him.

"If she doesn't stick by me, I will take what the judge thinks I ought to have," said he.

Willaman announced that his plea would be self-defense, as he says he killed Koons and Mrs. Koons to protect himself, as he thought.

MORSE'S PLANS CHANGED

Financier Will Carry His Battle For Freedom to U. S. Supreme Court.

Atlanta, Ga., April 8.—Following a conference between Attorneys M. W. Littleton and Hoke Smith the decision is announced to shift the scene of the legal battle for Charles W. Morse's liberty from the federal courts of Atlanta to the United States supreme court at Washington.

The case will be taken before the supreme court as soon as Littleton returns to New York.

The One True God.

As Jesus said, "The Lord our God, the Lord, is One"—not Three. He does not live only above the sky, but is present, all-pervading, all-sustaining, the very Life of life. We cannot be where He is not. Do you fancy that the Omnipotent ONE is not One, but an inexplicable Trinity of persons, residing in a heaven somewhere beyond the clouds? Then you have not found Him, and do not know Him. He is here on earth, "the One true God," whom Jesus knew when he said, "The Father is with me." Seek Him in your own soul, and He will speak to you, Spirit to spirit.

GENUINE ECZEMA REMEDY

New Remedy That Cures Eczema Quickly.

Floding's Pharmacy has sold hundreds of jars of Hokara in the last few weeks, and although they offered to refund the purchase price to any dissatisfied purchaser, not one jar has been returned.

While this is surprising in itself yet the most marvelous thing to them is the reports of chronic cases of eczema that have been cured by this simple skin food. People who have suffered with scales, scabs and even bleeding itching have found relief and cure in Hokara.

No matter where the eczema, pimples or other breaking out occurs whether on the face, hands, legs or body, the application of Hokara will give quick relief, and even the worst or most chronic cases will be cured in a short time.

You can buy a liberal-sized jar at the very low price of 25c and with every package goes Floding's Pharmacy guarantee to refund the money if it is not satisfactory. Large size 50 cents.

If the skin disease is caused by impure blood or if the bowels are inactive, use Hokara Blood Tablets They cool and cleanse the blood and regulate the bowels in a natural way.
